Subject: FW: [EXTERNAL] FW: Rolling Knolls Landfill CAG Meeting

Not a lot of clarity of what exactly will transpire at this meeting but here's what Juan got from DOI's site attorney.

Hi Juan,

We are still working out the details but my understanding is that this will be an open house format to provide the community with an opportunity to stop by the refuge visitor center and learn more about the refuge and its relationship to the landfill. In conversations with the Refuge Friends group, Mike felt that many in the community have questions in this regard. This open house would be an opportunity for them to ask those questions and share their thoughts on the path forward for the refuge.

Kim,

We received the below email from Sally. We would like to know more about the meeting on Oct. 21 at the Great Swamp Visitor Center.

Thanks,

Juan

Attached please find the presentations made at the CAG meeting on September 23. Minutes will follow soon.

Fyi, please note we were notified this week that **we have been approved for our Technical Assistance Grant (TAG)** and will be able to hire a technical advisor to assist the CAG.

Please join us to discuss clean up options as they currently appear in the Draft Feasibility Study for the Rolling Knolls Landfill Superfund Site. Please note this is not a CAG meeting. It is being hosted by the National Wildlife Refuge. I encourage everyone to attend, especially if you missed the meeting on September 23.

Great Swamp National Wildlife Refuge (NWR) will be hosting a public meeting **from 6 to 8 PM on Monday, October 21 at Great Swamp NWR, Helen C. Fenske Visitor Center**. We will discuss refuge management as it pertains to the Rolling Knolls site. We are also soliciting public input on what the community wants to see happen to the landfill area, cleanup options and methods to help achieve results. This is intended to be an open forum for the community to share any issues or concerns as well as perspectives on how best to move forward.

Please remember it is important for you to share this information with your neighbors. Our goal is to keep the entire community informed.

Best, Sally
